

Curriculum Vitae Europass

Personal information

Surname(s) / First name(s) **Belussi Alberto**
Address(es) Via Badia, 46a – 25127 Brescia (BS), Italy
Telephone(s) 329.6508545 (mobile)
Fax(es) --
E-mail(s) alberto.belussi@univr.it (office)
Nationality(-ies) Italian
Date of birth 10/04/1965 – Brescia (Italy)
Gender Male

Work experience

Teaching

Dates since 2004
Occupation or position held Associate Professor in Computer Engineering
Name and address of employer Università degli Studi di Verona,
Dipartimento di Informatica,
Strada le Grazie, 15 – Verona, Italy
<http://www.univr.it>
Type of business or sector University
Main activities and responsibilities Teacher of Undergraduate Courses in the context of the Degree in Computer Science:
- Databases and Web (2004-2008)
- Databases (since 2009)
Teacher of Graduate Courses in the context of the Master Degree in Intelligent and Multimedia Systems
- Geographical Information Systems (2004-2009)
Teacher of Graduate Courses in the context of the Master Degree in Computer Science and Engineering
- Geographical and Multimedia Information Systems (2009-2013)
- Advanced in Databases (since 2014)
Teacher of Graduate Courses in the context of the Master Degree in Medical Bioinformatics
- Fundamentals of Database Systems (since 2015) - in english

Dates 1998-2003
Occupation or position held Teaching assistant in Computer Engineering
Name and address of employer Università degli Studi di Verona,
Dipartimento di Informatica,
Strada le Grazie, 15 – Verona, Italy
<http://www.univr.it>
Type of business or sector University
Main activities and responsibilities Teacher of Undergraduate Courses in the context of the Degree in Computer Science:
- Formal Languages and Compilers (1996)
- Programming Languages (1997)
- Databases and Information Systems (1999-2000)
- Databases and Web (2001-2003)
Teacher of Graduate Courses in the context of the Master Degree in Intelligent and Multimedia

Systems

- Databases: advanced systems and GIS (1999-2001)
- Geographical Information Systems (2002-2003)

Dates	1995, 1996
Occupation or position held	External lecturer
Name and address of employer	CILEA, Consorzio interuniversitario , Segrate – Milano, Italy http://www.cilea.it
Type of business or sector	Education
Main activities and responsibilities	Co-Teacher of three editions of the following course for employees of public agencies: “La progettazione dei sistemi informativi territoriali” (regarding the design of spatial databases for geographical applications)

Dates	1993-1996
Occupation or position held	Seminars
Name and address of employer	Politecnico di Milano Piazza Leonardo da Vinci, Milan - Italy http://www.polimi.it
Type of business or sector	University
Main activities and responsibilities	Tutoring during Ph.D in some undergraduate courses.

Research Projects

Dates	2003 – 2004
Occupation or position held	Project Manager and GIS researcher
Name of funding agency	MIUR (Ministero dell'istruzione, dell'università e della ricerca)
Type of business or sector	University
Main activities and responsibilities	Principal investigator for the unit at University of Verona of the PRIN project “ SPA.DA.@WEB ” concerning the representation and managing of spatial data in web systems

Dates	2001 – 2002
Occupation or position held	GIS researcher
Name of funding agency	MIUR (Ministero dell'istruzione, dell'università e della ricerca)
Type of business or sector	University
Main activities and responsibilities	Participation as GIS expert to the PRIN project “ SPA.DA. ” concerning the representation and processing of spatial data in geographical information systems.

Dates	June 2000 – March 2001
Occupation or position held	GIS researcher
Name of funding agency	European Union
Type of business or sector	University
Main activities and responsibilities	Participation as GIS expert to the European project “ DEAFIN ” concerning the design of the database and web interface for managing data describing the Vacant Sites of some European Regions.

Applied Research Projects

Dates	September 2018 – April 2019
Occupation or position held	Principal investigator and GIS expert
Name of funding agency	Politecnico di Milano (Polo di Cremona)

Type of business or sector	Public Administration
Main activities and responsibilities	Coordination of the activity regarding the design and development of tools for supporting the mapping between the Italian SINFI (Sistema informativo Nazionale Federato delle Infrastrutture) and the INSPIRE data specification (European Directive) Project name: "Verifica della trasformazione della specifica dei dati del progetto nazionale SINFI nell'equivalente specifica europea INSPIRE"
Dates	June 2016 – December 2016
Occupation or position held	Principal investigator and Project manager
Name of funding agency	Comune di Verona, Italy
Type of business or sector	Public Administration
Main activities and responsibilities	Coordination of the activity for the design and implementation of an extension of the application for mobile devices (APP) produced in a previous project in order to include new sections for the tourists having the VERONACARD for the main points of interest in the city of Verona.
Dates	February 2016 – January 2017
Occupation or position held	Principal investigator and GIS expert
Name of funding agency	Politecnico di Milano (Polo di Cremona)
Type of business or sector	Public Administration
Main activities and responsibilities	Coordination of the activity regarding the design and development of tools for supporting the mapping between the Italian National Core and the INSPIRE data specification (European Directive) Project name: "Realizzazione dello strumento IDMT per la definizione e applicazione ai dati del mapping semantico tra INSPIRE e il National Core italiano"
Dates	January – February 2016
Occupation or position held	Principal investigator and GIS expert
Name of funding agency	Ministero dei beni e delle attività culturali e del turismo
Type of business or sector	Public Administration
Main activities and responsibilities	Coordination of the activity regarding the mapping between CIDOC-CRM (an ontology based standard for cultural heritage) and the database of the project SITAR (Sistema informativo territoriale archeologico di Roma) Project name: Le attività di mapping del modello dati SITAR e del tracciato schedografico NIOBE verso lo standard CIDOC-CRM-Archeo del progetto ARIADNE e trasformazione dei dati in formato RDF
Dates	2015-2016 (36 months)
Occupation or position held	Principal investigator and Project manager
Name of funding agency	Urbangap s.r.l. and University of Verona
Type of business or sector	Private sector and Univeristy
Main activities and responsibilities	Coordination of the activity for the design of tools for supporting the development of web application and the automatic generation of code starting from formal specification of data sets.
Dates	July 2014 – December 2014
Occupation or position held	Principal investigator and Project manager
Name of funding agency	Comune di Verona, Italy
Type of business or sector	Public Administration
Main activities and responsibilities	Coordination of the activity for the design and implementation of an application for mobile devices (APP) for providing the tourists with georeferenced information about the events and points of interest in the city of Verona.
Dates	since 2007
Occupation or position held	Senior GIS consultant
Name of funding agency	CISIS (Centro Interregionale per i Sistemi informatici, geografici e statistici)
Type of business or sector	Public Administration
Main activities and responsibilities	Participation as GIS expert to the following projects: <ul style="list-style-type: none"> • GeoUML tools - Design and Development of the GeoUML Catalogue tool • GeoUML tools - Design and Development of the GeoUML Validator tool • Data Modelling - Design of the Spatial DB of Regione Veneto at conceptual and physical level

- Data Modelling - Contribution to the definition of the Italian National Core using the GeoUML Catalogue

Dates	2006 – 2010
Occupation or position held	Senior GIS consultant
Name of funding agency	Comune di Cremona
Type of business or sector	Public Administration
Main activities and responsibilities	Participation as GIS expert to the project for the design of a spatial database from conceptual level to physical implementation

Dates	2006 – 2009
Occupation or position held	Senior GIS consultant
Name of funding agency	Regione Lombardia
Type of business or sector	Public Administration
Main activities and responsibilities	Participation as GIS expert to the projects: <ul style="list-style-type: none"> • Design and prototyping of an architecture for the Regional SDI • Design and prototyping of tools and methodology for the data integration and geometric harmonization of the new productions and the existing regional data.

Dates	september 2003 – june 2004
Occupation or position held	Senior GIS consultant
Name of funding agency	INTESA Stato-Regioni-Enti Locali
Type of business or sector	Public Authority
Main activities and responsibilities	Participation as GIS expert to the definition of a conceptual model (GeoUML) for the specification of the reference content of the spatial databases of Italian national bodies.

Dates	1988-1999
Occupation or position held	Database and GIS consultant
Name of funding agency	Public and private companies (Regione Lombardia and Politecnico di Milano)
Type of business or sector	Public and private companies
Main activities and responsibilities	Participation as GIS expert to several research and application projects founded by Regione Lombardia. Participation as Database expert to some research projects (PRIN – Progetti di rilevante Interesse Nazionale) founded by MIUR (Ministero dell'istruzione, dell'università e della ricerca).

Dates	since 2002
Occupation or position held	Senior consultant
Name of funding agency	Direzione Informatica – University of Verona
Type of business or sector	Public Administration

Research activities

Dates	1992-1997
Occupation or position held	Ph.D student
University	Politecnico di Milano, Dipartimento di Elettronica e Informazione
Research sector	Spatial databases: data models and query processing optimization
Main activities and responsibilities	During this period the research activity has been concentrated on the following topics: <ul style="list-style-type: none"> • Definition of a reference data model at logical level for geo-relational data base management systems and mapping rules towards real GIS systems. • Study of new techniques for the optimization of spatial queries, in particular for what regards the selectivity estimation of range queries (in cooperation with Prof. Christos Faloutsos at University of Maryland,USA).

Main Publication:

- A. Belussi and C. Faloutsos
“Self Spatial Join Selectivity Estimation Using Fractal Concepts”,
ACM Transactions on Information Systems, Vol. 16(2), April 1998, pp. 161-201
-

Dates

1997-1999

Occupation or position held

Postdoctoral position

University

Politecnico di Milano and University of Verona

Research sector

Constraints databases: data models for spatial data

Main activities and responsibilities

During this period the research activity has been concentrated on the following topics:

- Representation and manipulation of spatial data in constraints databases.
- Managing temporal dimension in geographical applications.

Main Publication:

- A. Belussi, E. Bertino, B. Catania
“An Extended Algebra for Constraints Databases”,
IEEE Transactions on Knowledge and Database Engineering, Vol. 10(5), September
1998, pp 686-705
-

Dates

since 1999

Occupation or position held

Associate Professor (since 2004), Teaching assistant (before 2004)

University

University of Verona, Dipartimento di Informatica

Research sector

Conceptual modeling of spatial databases, Multi-accuracy spatial databases, Interoperability in GIS, Designing and managing of Spatial Data Infrastructures, archaeological data in GIS, Spatial Big Data.

Main activities and responsibilities

During this period the research activity has been concentrated on the following topics:

- Spatial query in Big Data Systems: processing and optimization
- Robustness of spatial datasets with respect to spatial predicates evaluation
- Spatial data validation
- Spatial predicates and their properties (in particular, topological relations).
- Data models for the representation of multi-accuracy spatial information.
- Modeling archaeological data with spatial and temporal dimensions
- General architectures and solutions for building and managing SDI at regional and national level.

Honor and Awards

May 2005

Möbius Multimedia Lugano International Award, Città di Lugano and RSI, Lugano, Switzerland.

As project architect and analyst of the best Italian University Web Site, <http://www.moebiuslugano.ch>.

Editorial activities

- 2000 Member of the program committee of the conference *Sistemi Evoluti per Basi di Dati* (SEBD) 2000.
- 2004 Member of the program committee of the conference *Extending Database Technology* (EDBT'04) 2004.
- 2005 Member of the program committee of the conference *9th International Symposium on Spatial and Temporal Databases*, 2005
- 2010 Member of the program committee of the conference *14th East-European Conference on Advances in Databases and Information*, 2010
- 2011 Member of the program committee of the conference *15th East-European Conference on Advances in Databases and Information*, 2011
- 2015 Member of the program committee of the conference *MEDI 2015 (5th International Conference on Conference on Model & Data Engineering)*, 2015
- 2017 Program Chair of the international workshop: COARCH'17 (1st Workshop On Computing Techniques For Spatio-Temporal Data In Archaeology And Cultural Heritage), L'Aquila, Italy, 4 September 2017
- 2017 Member of the program committee of the conference COSIT 2017 (13th International Conference on Spatial Information Theory) L'Aquila, Italy, September 4-8 2017
- 2018 Program Chair of the international workshop: COARCH'17 (2nd Workshop On Computing Techniques For Spatio-Temporal Data In Archaeology And Cultural Heritage), Melbourne, Australia, 28 August 2018
- 2018 Guest Editor of the Special Issue "Distributed and Parallel Architectures for Spatial Data" in the journal "International Journal of Geo-information"
- 2019 Member of the program committee of the conference COSIT 2019 (14th International Conference on Spatial Information Theory) Regensburg, Germany, September 9-13, 2019
- 2019 Member of the program committee of the conference 27th ACM SIGSPATIAL International Conference on Advances in Geographic Information Systems (ACM SIGSPATIAL 2019), November 5 - 8, 2019, Chicago, Illinois, USA
- Since 2004 Reviewer for the following journals: International Journal of Geographical Information Science, IEEE Transactions on Knowledge and Data Engineering, Data & Knowledge Engineering, ACM Transactions on Database Systems, Geoinformatica, Journal of Geographical Systems.
- Since 2004 Reviewer for the following conferences: ADBIS, SSTD, SSD, EDBT, SEBD.

Visits

August 1994- February 1995

University of Maryland College Park, Maryland (U.S.A.), cooperation with Prof. Christos Faloutsos spatial query optimization

February 1995

AT&T Bell Labs - Murray Hill, U.S.A, cooperation with Prof. Christos Faloutsos spatial query optimization

Invited Talks

- Workshop La Geomatica & I Beni Culturali, Padova 18/01/2017, Cortile Antico – Palazzo Bo, Padova, "Il progetto SITAVR. Un Sistema Informativo Territoriale per i beni Archeologici orientato all'interoperabilità"
- *ESDI Workshop on Conceptual Schema Languages and Tools*, Joint Research Center (JRC), Ispra, Italy, 13-14 October 2005, 2005, where he has been invited to participate with the talk: "Mapping the IntesaGIS model to the EuroRoads model - Translation exercise and discussion points about CSLs (Conceptual Schema Languages)"

Talks at international conferences

- 1st International Workshop on Processing Information Ethically (hosted by CAISE '19), 3-7 June, 2019, Rome, Italy
- 10th International Conference on Geographic Information Science 29 August 2018, Melbourne, Australia
- 5th ACM SIGSPATIAL International Workshop on Analytics for Big Geospatial Data (BigSpatial-2016), October 31, 2016, San Francisco, CA, USA
- 4th ACM SIGSPATIAL International Workshop on Mobile Geographic Information Systems, Seattle, 3 november, 2015
- 43rd Computer Applications and Quantitative Methods in Archaeology, Siena, Italy, 30

march - 3 april, 2015

- Computer Applications and Quantitative Methods in Archaeology (CAA 2014)", Paris, 25 April 2014.
- 21st ACM SIGSPATIAL International Conference on Advances in Geographic Information Systems (ACM SIGSPATIAL GIS 2013), Orlando, Florida, USA , 5-8 Nov 2013
- AGILE 2013, The 16th AGILE International Conference on Geographic Information Science, Integrating 4D, GIS and Cultural Heritage, Leuven, Belgium, 14 May 2013.
- 20th ACM SIGSPATIAL International Conference on Advances in Geographic Information Systems (ACM SIGSPATIAL GIS 2012), 6-8 November 2012.
- AGILE 2012, The 15th AGILE International Conference on Geographic Information Science, Avignon, France, 24-27 April 2012.
- AGILE 2010, The 13th AGILE Conference, Guimarães, Portugal, 11- 14 May 2010.
- AGILE 2009, The 12th AGILE Conference, Hannover, Germany, May 2009.
- AGILE 2008, The 11th AGILE Conference, Girona, Spain, 5-8 May 2008
- 25th International Conference on Conceptual Modeling (CoMoGIS workshop), Tucson, AZ, USA, 6-9 November 2006.
- The Seventh International Symposium on Spatial Accuracy Assessment in Natural Resources and Environmental Sciences (Spatial Accuracy 2006), Lisbona, Portogallo, 5-7 July, 2006.
- ESDI Workshop on Conceptual Schema Languages and Tools, Joint Research Center (JRC), Ispra, Italy, 13-14 October 2005, 2005, where he has been invited to participate with the talk: "Mapping the IntesaGIS model to the EuroRoads model - Translation exercise and discussion points about CSL (Conceptual Schema Language)".
- 10th EC-GI&GIS Workshop, Warsaw, Poland, 23-25 June 2004, 2004
- 11th International Symposium of ACMGIS, New Orleans, Louisiana, USA, 7-8 November 2003
- Meeting on Technology for a National GeoDatabase Infrastructure, Siena, Italy, 4-5 September 2003
- Workshop SPADAGIS, Milan, Italy, 10 March 2003
- 8th International Symposium of ACMGIS, Washington D.C. USA, 10-11 November 2000
- 21st Urban Data Management Symposium (UDMS '99), Venezia, Italy, 21-23 April 1999
- 5th International Symposium on Advances in Spatial Databases (SSD '97), Berlin, Germany, 15-18 July 1997
- 4° convegno nazionale: Sistemi Evoluti per Basi di Dati (SEBD '96), San Miniato (Pisa), Italy, 3-5 July 1996
- 21st International Conference On Very Large Databases (VLDB '95), Zürich (Switzerland), September 1995
- 2nd ACM Symposium on Advances in Geographic Information Systems (ACM-GIS '94), Gaithersburg, Maryland, U.S.A., 1-2 December 1994.
- 5th European Conference and Exhibition on Geographical Information Systems (EGIS/MARI '94), Paris (France), March 1994
- 4th European Conference and Exhibition on Geographical Information Systems (EGIS '93), Genova (Italy), March 1993

Education and training

Dates	1996
Title of qualification awarded	PhD in Computer and Automation Engineering
Principal subjects/Occupational skills covered	Thesis Title: "La progettazione logico/fisica della base di dati spaziali di un sistema informativo territoriale" (keywords: spatial databases, logical data models and algebra, optimization of spatial queries, geographical applications).
Name and type of organisation providing education and training	Politecnico di Milano – Dipartimento di Elettronica e Informazione Via Ponzio 34/5 – 20133 Milano (Italy)
Level in national or international classification	ISCED 6
Dates	1992
Title of qualification awarded	Bachelor of Computer Engineering
Principal subjects/Occupational skills covered	Programming, Databases, Operating Systems, Formal Languages, Compilers, Computer networks, Computer Architecture, Software Engineering.
Name and type of organisation	Politecnico di Milano – Facoltà di Ingegneria

providing education and training
Level in national or international
classification

Milano (Italy)
ISCED 5

**Personal skills and
competences**
